

Renfue, What You Wanted

Everything in life happens accordingly
And that's exactly what you said to me
So don't claim your heart
When you're not beside me
Cause it's what you wanted
It's exactly what you said to me
It's exactly what you wanted
It all goes around the fact that
Telling me won't do any
Showed no truth stood alone by my side
Just know that you're one of many
Everything is fine and so it goes
I'll go on in life and just pretend
That we're good friends and I'm alright
Cause it's what you wanted
It's exactly what you said to me
It's exactly what you wanted
It all goes around the fact that
Telling me won't do any
Showed no truth stood alone by my side
Just know that you're one of many
I forced my thoughts; I know all your plots
It's in all I see yet eventually
I held your hand; it's in all that I am
When it comes around I'll be breaking down
It all goes around the fact that
Telling me won't do any
Showed no truth stood alone by my side
Just know that you're one of many
And so for now
I'm breaking down
