

# Rez Band, Area 312

Hiding out in my bedroom,  
I wish that I could die.  
No-one seems to love me,  
But I'm not going to cry  
Boyfriend left me yesterday,  
He said I wasn't cool.  
But I'm alright, yeah I'm OK,  
I ain't nobody's fool.

"CHORUS:"

I hate it here, in Area 312  
Can't make it here, in Area 312  
Operator listen please,  
I got this loneliness disease  
in Area 312, in Area 312

Acting all the different roles,  
Wearing a new face  
Needing someone to know me,  
Out here lost in space  
Best friend said I wasn't tough,  
Teenage lobotomy  
But life is more, than girl meet boy  
When myself ain't met me.

"CHORUS and BRIDGE"

High school unreality,  
Normality so strange  
Lookin' for some answers  
Ready for a change  
Feelin' so distressed tonight,  
Jesus, are you there?  
Could we talk a little while,  
I hear you really care.

CHORUS

In area 312, 1-2-1-2, 312, etc.  
"Fade  
"
