Step right, step left, (many's a checks?)  
Step right up for the main event  
Check your fantasy, hearts for sold  
Tell everybody you're paying on hold

The power is on  
The power is on tonight  
The power is on  
The power is on tonight, yeah!

You better get ready and you better get set  
Return... have not been yet  
This is ... on the things to come  
This is ... gets in the song

The power is on  
The power is on tonight  
The power is on  
The power is on tonight

Open your hearts and ...  
Open your ears in the Holy Ghost  
Watch your step (in what I said?)  
Step right up for the main event

The power is on  
The power is on tonight  
The power is on  
The power is on tonight, tonight, tonight  
The power is on tonight
