

# Rhett Akins, I Was Wrong

(Rhett Akins/Chris Gantry)

Well I know it's late but girl I just had to call  
This just can't wait 'cause I ain't slept a wink at all  
Since we said goodbye  
And I know that I'm the only one to blame  
I thought we were right to turn and go our separate ways  
But I know tonight that I can't stand another day  
Of being alone, tryin' to hang on  
And I can't take no more of this pain

I was wrong to let you go  
And now that you're gone  
My life's out of control  
I was wrong you told me from the start  
I'd never find truer love  
Than the love in your heart  
Love so strong you were right I was wrong

Girl could you find a way to give us one more chance  
A day at a time maybe that's too much to ask  
But you're all I 've got and believe it or not  
Without you I know I can't go on

I was wrong to let you go  
And now that you're gone  
My life's out of control  
I was wrong you told me from the start  
I'd never find truer love  
Than the love in your heart  
Love so strong you were right I was wrong

I was wrong you told me from the start  
I'd never find truer love  
Than the love in your heart  
Love so strong you were right I was wrong  
I was wrong  
Oh I was wrong
