

# Rhett Akins, Where Angels Live

(Mark Wright)

Every dream I ever dreamed  
Thought they had seen the last of me  
When nights were slow and days were low  
And I didn't know which way to go  
You showed me  
Mm

When everyone I ever loved  
Was down on me you picked me up  
I wasn't much to see that day  
But you saw beyond me and saw the way  
And you showed me, you showed me

That there's a place where angels live  
You must be from there  
'Cause you give more than people give  
And still have love to spare  
Heaven is a place we all belong  
Everybody there seems to get along  
There's a place where angels live  
You must be from there

When I look into your eyes I realize

That there's a place where angels live  
You must be from there  
'Cause you give more than people give  
And still have love to spare  
Heaven is a place we all belong  
Everybody there seems to get along  
There's a place where angels live  
You must be from there

There's a place where angels live  
You must be from there
