

Rhodes Happy, Box H A P

You can't know them like you know yourself

I know I know
Therefore find your peace
I can't I can't
Demand only from yourself
I try I try
Don't rely on your logic
I don't I don't
You made your choice
Now go to the end
You will find your peace
When it comes, greet it
Welcome it
Make it stay
You can't know them like you know yourself

I know I know

Therefore find your peace
I can't I can't
Demand only from yourself
I try I try

The instincts you feel are truth
Are they? Are they now?
You made your choice
Now go to the end
You will find your peace
And when it comes, greet it
Welcome it
Make it stay
Can't know them like you know yourself

I know I know
Therefore find your peace
I can't I can't
Demand only from yourself
