# Rhonda Vincent, If You Were Me

(Troy Seals - Graham Lyle)

I met someone I need to talk about
Never been so certain, with so many doubts
My heart's afraid to be alone with him
In late night hours, when the lights are dim

Chorus
If you were me
Would you take that kind of chance
Step into his arms and dance
Into the night
If you were me
Would you let your feelings go
Or hold him back and never know
If you were me

I've always played it safe with this heart of mine
Same old kind of romance time after time
And now he's calling from the wilder side
Last night I felt like if I'd only tried

Chorus

Last night I felt like if I'd only tried
I might be spendin' my life by his side

Chorus
