

# Rhubarb, Nice Girls

Nice girls are out there  
With quick wit and long hair  
I'm here but she's there  
I look but she stares

Send me one

Nice boys are in bands  
They can sing but can't dance  
I try to impress but  
She laughs at my dress

Send me one

This song will soon end and  
Time's up to pretend  
What will be my fate  
If I can't land this date
