

# Rich Mullins, Save Me

&quot;Save me save me

Save me from my contempt for the things that make me strong

Save me from any value I could put a price tag on

Save me from Soviet propagandists

Lord save me from Washington

Please save me Lord save me

Save me save me

Save me from the slick pop sounds

Laid down in virgin vinyl grooves

Save me from any woman who would be turned

On to the aftershave I use

Save me from trendy religion that makes

Cheap cliches out of timeless truths

Lord save me please save me

Save me&quot;
