Rich The Kid, Greedy

I don't wanna get greedy
She only calls when she needy
Got bands in the duffle
I count paper, don't read it
Call me Mister Big Shot
I hit then won't stop
Doing big, can't stop
She only calls when she needy

Let me pick and roll, say you want the play play
Want a fix huh? Slide in your playground
All she know is big business, all I know is gettin' in it
I walk through some doors, just bought the coupe, no ceilings
Nah, I ain't tryna just spend it, but fucked around and threw rain here
All I know is we runnin', Forrest Gump into the money
Told her, "It's bedtime" wrist on wristwatch
She said, "Daddy don't stop" leave the band on my spot
Nope, they talkin' in the street, some are chasin' that Summer breeze
Face on a wall like Mona Lisa, clap that ass, don't need no audience
So cold, leave the Summer [?], hope you ain't on no teasin' teasin'
So fine you ain't gotta sneak her, kick a little then we get to sneakin'
