

# Richard Marx, The Edge Of Forever

No one can decide when lightening will strike  
And everything falls into place  
And lately it seems when you're in my dreams  
I find that I don't want to wake  
I wanna slowly unlock the mystery  
I wanna make love, I wanna make history with you

With you, I see a lifetime with you  
And if one thing is true  
Is that God knew that one day  
I would be standing  
On the edge of forever with you

Oh yeah

I'm ready to fall to give you my all  
Cause you're everything I'll ever want  
Its amazing to me how far we can see  
Our horizon goes on and on  
I wanna slowly unlock the mystery  
I wanna make love  
Yeah I wanna make history with you  
I see a lifetime with you  
And if one thing is true  
Is that god knew that one day  
I would be standing  
On the edge of forever with you

And when I am shivering  
Your body will be my blanket  
And when I am drifting baby  
You will be my anchor  
With you, I see a lifetime with you  
And if one thing is true  
Its that God knew someday I would be standing  
On the edge of forever with you

Oh

Wanna spend forever, with you  
Hold me forever, will do
