

Richard Thompson, Rainbow Over The Hill

Rainbow over the hill
Rainbow over the hill
Rain clouds lifting
Just when you think they never will

And Ill be on my way
Up and down in a swamp all day
And just when it broke my will
Theres a rainbow over the hill

Dont you worry your weary head
About the fools and problems in your way
If you could see beyond tomorrow
You never would shed a tear today

Rainbow over the hill
Rainbow over the hill
New day breaking
No time to be standing still

And further on down the road
Ill reap what I have sown
And just when Ive had my fill
Theres a rainbow over the hill

Dont you worry your weary head
About the fools and problems in your way
If you could see beyond tomorrow
You never would shed a tear today

Rainbow over the hill
Rainbow over the hill
Rain clouds lifting
Just when you think they never will

And Ill be on my way
Up and down in the swamp all day
And just when Ive had my fill
Theres a rainbow over the hill
Rainbow over the hill
Rainbow over the hill
