

Richie Kotzen, Fantasy

Love wasn't love until you came around
I can't keep my focus life isn't life unless
You come around
Tell me what have I become
You make me feel how I shouldn't feel
How can I get away
I gotta know what I'm living isn't some kind of dream

Oh oh oh won't you tell me is it a
Fantasy is it a fantasy
Oh oh oh won't you tell me is it a
Fantasy are you my fantasy

Touch wasn't touch until you came around
I can't let you change me
Why when I try to kick you out you just
Make me sober
You like a flame always burning but you
Never burn out
I'll never get away
I try to leave but when I try somehow you keep me around
