

Richie Kotzen, Mother Head's Family Reunion

Sister got yourself in the prime of your life
Don't let anyone tell you no wrong
Spendin' daddy's money all night gettin' high
You know it only lasts for so long

Come youth come love come make it happen
You know there's only good in your life

Our time has come to reunite
Mother head's family reunion
You know your soul will be all right
Mother head's family reunion

Brother's doin' time for life ain't no lie
Only needed someone to lean on
If somehow always something going wrong in your life
You know you got to stand on your feet
And be strong...

Come youth come love come make it happen
You know there's only good in your life

Our time has come to reunite
Mother head's family reunion
You know your soul will be all right
Mother head's family reunion
