

Rick Springfield, Idontwantanythingfromyou

Idontwantanythingfromyou

You only want me when you're high
You try to heal but you crucify
It's the same shit / different day
You say sorry like it's supposed to change everything
And everything's okay
But everything you gave to me you went and gave away
to anybody else
with a dick

CHORUS:

I don't want anything from you
I don't want anything from you
I don't want anything from you

Sorry baby but I can't join your party
And I liked you better the way you were
You're a sad little cliché, you say sorry
like it's supposed to change everything and make it go away
And everything you gave to me I want to give it back to you
on a stick

CHORUS:

I don't want anything from you
I don't want anything from you
I don't want anything from you

(I wonder how it got to be) You lied
You happy with your little freak show?
(I wonder how it got to be) You lied
Baby you were just so so
(I wonder how it got to be)
I don't hate you!
I don't hate you!
I don't hate you!

CHORUS:

I don't want anything from you
I don't want anything from you
I don't want anything from you
