

Rick Springfield, Little Roland Lost

I'm lost, I'm lost, find me
I'm lost, I'm lost, find me

He wondered too far now
He is lost and lonely
Little Roland all alone
Cause he can't find his way
Wish I was home in the arms of my Mom
She's the one to protect me
But here I am in the woods by myself
Won't somebody find me

I'm lost, I'm lost, find me
I'm lost, I'm lost, find me

I see a path maybe this is the way
That leads to safety
No just a dead end leading to nowhere
Won't somebody find me

I'm lost, I'm lost, find me
I'm lost, I'm lost, find me

Little Roland see your field eyes
Little legs running wildly
Comes the night, strange noises
Guess he's lost forever

I'm lost, I'm lost, find me
I'm lost, I'm lost, find me
