

# Rick Springfield, Whenever I Call You Friend

(Kenny Loggins, Melissa Manchester)

Whenever I Call You Friend  
I begin to think I understand  
Anything we are  
You and I have always been ever and ever

I see myself within your eyes  
And that's all I need to show me why  
Everything I do, always takes me home to you  
Ever and ever

Now I know my life has given me  
More than memories  
Day by day we can see  
In every moment there's a reason to carry on

Sweet love showin' us a heavenly light  
I've never seen such a beautiful sight  
Sweet love flowin' almost every night  
I know forever we'll be doin' it...right

Whenever I Call You Friend  
I believe I've come to understand  
Everywhere we are you and I were meant to be  
Forever and ever

I think about the times to come  
Knowin' I will be the lucky one  
Ever our love will last  
I always want to call you friend

Sweet love...sweet love  
You're the glowing light in my life  
The source of pride in my life  
Everything I do takes me back to you
