

Rick Springfield, You Better Get Going Now

Can't you see that I'm down
I just don't want you hanging around
I guess you better get
Better get going now

I just heard of your love
You better get going now
You better get going now
You better get going now

I just heard it wasn't me that you were thinking of
I can't use it again

You better get going now
You better get going now
You better get going now
You better get going now

You think I can't do without you
But you find out you're wrong
I'll find many ways without you
You can't do me wrong
You've been walking the floor
I don't need you girl anymore
I think you better finish

You better get going now
You better get going now
You better get going now
You better get going now
