

Ricki Lee, Can't Sing A Different Song

I remember the first time I looked into your eyes
Such an instant chemistry, took me by surprise
Cos I never knew until that day if love was meant for me

To the beat of my heart thumpin'in my chest I wanna
Click my fingers and stomp my feet
Cos you make me feel so happy, HONEY

You & Me words can't say just what you mean to me so lets just practise what comes naturally
I been waiting for so long I, can't get you out of my head
Can't sing a different song

You're the only man who's kept me satisfied
Every inch of my body heart and mind

You give me every thing a girl could ever want or need

To the beat of my heart thumpin'in my chest I wanna
Click my fingers and stomp my feet
Cos you make me feel so happy, HONEY

You & Me words can't say just what you mean to me so lets just practise what comes naturally
I been waiting for so long I, can't get you out of my head
Can't sing a different song

Never thought that I'd meet anyone like you boy
And when your here there aint nothing that I can do
Baby Baby Baby yeah what I'm gonna do
Is click my fingers and stomp my feet
