Your ojitos pecking all over my skin
Your andares causes my abstention
Your kisses are half lie, half truth
They make me accept the apple of paradise

You like to take a walk
Lola, Lola
In order to cause a wave
A wave of the sea

Lola, Lola ay!! Where do you go?
But that das, I follow detras
Lola, Lola ay!! patch to you
That I'm going to live alone

You drink my energy without breathing
And the world turn and turns around you
The moon ma nails in my heart
I'll follow you you till death

Alone, alone
You like to take a walk
Lola, Lola
In order to cause a wave
A wave of the sea

Lola, Lola ay!! Where do you go?
But that das, I follow detras
Lola, Lola ay!! patch to you
That I'm going to live alone
