

# Ricky Martin, Love You For A Day

Que sera oh que sera  
The future will be, will be with us  
I've seen the headlines  
In the paper  
They say the end is coming soon  
I wanna make love till it's over  
If I'm goin' down it'll be with you  
Chorus:  
Let me love you for a day  
Let me have you for a night  
Let me take you far away  
into forever...Ay,ay,ay  
I don't wanna let you go  
Nena yo...  
Let me undress your soul  
Ay,ay,ay  
I'll take you to another world  
Never go  
Let me take you home tonight  
Que sera oh que sera  
As the countdown's getting closer  
There is madness in the air  
I wanna be under the covers  
Baby, in your arms you know I'll be there  
Chorus  
Que sera oh que sera  
The future will be, will be with us  
Let me love your for a day  
Let me have you for a night  
Let me take you far away  
Into forever  
Let me love you for a day  
Let me have you for a night  
Let me take you far away  
Into forever...Ay, ay, ay  
I don't wanna let you go  
Nena yo...  
Let me undress your soul  
Ay, ay, ay...  
I'll take you to another world  
Never go  
Let me take you home tonight
