

Ricky Martin, You Stayed With Me

Met you underneath the moon
Night was over much too soon
We shared a kiss till daylight came
And kissed the night goodbye
When the sun came up that day
We smiled and went our separate ways
But I can't leave the thought of you behind.

Chorus:

Oh, you stay with me
You stay with me
Oh, in my heart
And on my mind
Oh, like a melody that keeps
haunting me
Oh, you stay.

I look inside the small cafs
And hope by chance I'll see your face

I hear your voice and realize
It's just the summer wind
Something in your eyes that night
Swept away this heart of mine
Now I just want you in my arms again

Repeat chorus

How was I to know in that one night
My whole life would change
From the moment I looked in your eyes
I've never been the same
And if I could have one chance to have that
Moment back again
I'd never let it end
I'd never let it end

Repeat verse and chorus
