

# Ricky Nelson, Ain't Nothin' But Love

Can you feel your heart skip a little beat  
It ain't nothin' but love  
Do you feel kinda dizzy when you stand on your feet  
It ain't nothin' but love

When she holds your hand do you feel real funny  
Do you lose your head when she calls you honey  
Well don't worry 'bout a thing now  
It ain't nothin' but love

Can you feel your head spinnin' all around  
It ain't nothin' but love  
And you feel like you're flyin' with your feet on the ground  
It ain't nothin' but love

Do you walk her home with your arm around her  
Then you think she's sweet 'cause you're glad you found her  
Well don't worry bout a thing now  
It ain't nothin' but love

It ain't nothin' but love, ain't nothin' but love  
When you feel like everything's upside down  
it ain't nothing but love

When you kiss her goodnight 37 times  
That ain't nothin' but love  
And you feel kind of funny when the wedding bells chime  
That ain't nothin' but love

Do you feel real good everytime you kiss her  
If she left you now do you think you'd miss her  
Well don't worry 'bout a thing now  
That ain't nothin' but love

It ain't nothin' but love, ain't nothin' but love  
When you feel like everything's upside down  
It ain't nothin' but love

When you kiss her goodnight 37 times  
That ain't nothin' but love  
And you feel kind of funny when the wedding bells chime  
That ain't nothin' but love

Do you feel real good everytime you kiss her  
If she left you now do you think you'd miss her  
Well don't worry 'bout a thing now  
That ain't nothin' but love

Ain't nothin' but love  
Mmm, nothin' but love  
Ain't nothin' but love  
Well nothin' but love
