

# Ricky Nelson, This Train

This train I ride is movin'  
It's rolling down the line, yeah, yeah  
Can't you feel it  
It's comin' in on time

I'm leaving Colorado  
Riding on a cloud, now, now  
Over mountain tops and feeling might proud

It's been a long time since I held you close to me  
Singing songs and makin' love is where I wanna be, yeah

So long Carson City  
I'll be back someday, yeah yeah,  
This train I'm ridin' has got the right of way

I can hardly wait till I hold you close to me  
Singing songs and makin' love is where I wanna be, yeah

This train I ride is movin'  
It's rolling down the line, now, now  
Can't you feel it  
It's comin' in on time
