

# Ricky Nelson, You Can't Dance

Playin' in a bar  
We were tryin' to get up  
They kept pullin' us down  
Said we loved the sound  
If you could just play somethin' we could dance to

Play us another one  
Like the other ones  
Like the ones on the radio  
Don't go slow  
Get on with the show

And I said  
If you can't dance to this one  
You can't dance till you take a chance  
If you can't dance to this one  
You can't dance

Listen to the song  
You can move your feet  
If you listen to your heartbeat  
Close your eyes  
Let your body go

Here comes another one  
Like the other ones  
Like the ones on the radio  
Here we go  
Get on with the show

And I said  
If you can't dance to this one  
You can't dance till you take a chance  
If you can't dance to this one  
You can't dance

Here comes another one  
Like the other ones  
Like the ones on the radio  
Here we go  
Get on with the show

And I said  
If you can't dance to this one  
You can't dance till you take a chance  
If you can't dance to this one  
You can't dance

And I said  
If you can't dance to this one  
You can't dance till you take a chance  
If you can't dance to this one  
You can't dance

If you can't dance  
If you can't dance  
If you can't dance
