Ain't love a good thing

Blues go ahead and knock upon my door you can't hurt me anymore Um-um ain't love a good thing Rain go ahead and let it rain all night in the morning I'll be dry Um-um ain't love a good thing Ain't it good to know love can take away the rain And make the sunshine again And ain't it good to know love can take a lonely dream And turn it into a real thing Um-um ain't love a good thing um-um ain't love a good thing Pain find yourself another heart to ache and another mind to break Um-um ain't love a good thing Time find yourself another fool to waste and another place to stay Um-um ain't love a good thing Ain't it good to know... Um-um ain't love a good thing Ain't love a good thing good thing
