

Ricky Van Shelton, Ultimately Fine

I see you're walkin' and I hear you're talkin'
And when you're dancin' you leave all the boys behind
Hey whats your secret well I gotta know
Won't you tell me how you always steal the show
Ultimately fine the girl is ultimately fine
When it comes to making boys go crazy the girl is ultimately fine

High heels and lipstick dress is so tight
Shes got you turnin lip when ya want it to go right
And with those long legs she'll walk over you
Stay away boy if you can or ain't you heard the news
Ultimately fine...
(dobro)
She ain't built for comfort she's built for speed
She'll turn your head around and bring you to your knees
Don't try to pass her don't try to run
She'll chew and spit you out and oh it's just for fun
Ultimately fine...
When it comes to making boys go crazy the girl is ultimately fine
(guitar)
That girl is ultimately fine so ultimately fine
That girl is ultimately
