

# Ricochet, Ease My Troubled Mind

Rumors abound  
You're runnin' around  
And everybody tells me I've been blind  
Well it's killin' me  
How could this be  
Won't you ease my troubled mind

All night long I walk the floor  
Don't make me walk it anymore  
Take this doubt  
Off me now  
Baby please, ease my troubled mind

I get no sleep  
Got no peace  
Imagination's workin' overtime  
With every thought of you  
With somebody new  
Won't you ease my troubled mind

Tell me I ain't losin' you  
Help me, I don't know what to do  
So hold me close  
Say you'll never go  
Baby please, ease my troubled mind

Tell me I ain't losin' you  
Help me, I don't know what to do  
So hold me close  
Say you'll never go  
Won't you ease my troubled mind  
Baby please, ease my troubled mind  
Won't you ease my troubled mind
