

Riddlin' Kids, Here We Go Again

Well another bad day's gone by
Another day of being angry
Never known a person who could spend so much time being mad at me
And I didn't mean to get here late, my car ran out of gas, and then an airplane
Crashed into the road and I had to save the people
Didn't think you'd get so mad, but here we go...
Here we go again

Your face cramps and you make a frown, then you make a whiney sound
Then it won't be long till we both reach ground zero, so here we go again
And I know you didn't get your way, and now I guess you want to fight all day
I better watch out what I say, well don't look now cause here we go again

Well I'm glad that you calmed down
Never thought I'd ever see you smile after your head spun round and you spit
All that green stuff out on me
No, I can't go to the mall. That really sucks you know how much I love to wait
While you change again and again and again and again and again
Didn't mean to let you down, but here we go...
Here we go again

Your face cramps and you make a frown, then you make a whiney sound
Then it won't be long till we both reach ground zero, so here we go again
And I know you didn't get your way, and now I guess you want to fight all day
I better watch out what I say, well don't look now cause here we go again

Well, I'm really sorry that... that I made you mad again
That doesn't really mean I'm sorry
Cause it's really not my fault that you're over reacting... here we go...
Here we go...

Your face cramps and you make a frown, then you make a whiney sound
Then it won't be long till we both reach ground zero, so here we go again
And I know you didn't get your way, and now I guess you want to fight all day
I better watch out what I say, well don't look now cause here we go again

Your face cramps and you make a frown, then you make a whiney sound
Then it won't be long till we both reach ground zero, so here we go again
And I know you didn't get your way, and now I guess you want to fight all day
I better watch out what I say, well don't look now cause here we go again
Don't look now cause here we go again
Don't look now cause here we go again. Yeah
Don't look now cause here we go again
