

Riddlin Kids, Tell Me Truly

Will you please tell me
What we've been doing cuz I don't know
And can you tell me
If we're together
What feels so new
Cuz you're so far away
And I called you every day
So tell me truly what were doing
All I know is I can't deal with this
Anymore
And you and I might change the world somehow
It doesn't make a difference right now

I thought I knew you
It's been a while
Since I looked in your eyes
How long can you go
Telling me your great
Before I see it through your lies
Cuz you're so far away
And I thought of you ever day

So tell me truly what were doing
All I know is I can't deal with this anymore
And you and I might change the world somehow
It doesn't make a difference right now right now

And will you please tell me
What we've been doing
Cuz I don't know
And can you tell me
If were together
I feel so alone
Cuz you're so far away
And I called you every day
Cuz you're so far away
Now there's nothing for me to say
Cuz you're so far away
Can't take another day

So tell me truly what were doing
All I know is I cant deal with this anymore
And you and I might change the world somehow
It doesn't make a difference right now
