

Right Said Fred, Is It True

Twenty five years ago it is still
Not quite clear exactly who said
What to who, Derek confesses
He did tell Joan
Is it true about love
Is it true about taste
Is it true about touch
What are we to do
Is it true about God
Is it true about shoes
Is it true about dreams
What are we to do now
Is it true about cars
Is it true about blondes
Is it true about crime
What are we to do
The pros and cons of truth
The rumour and the myth
The misconception
That our ignorance is bliss
The answer's circle
While the questions just revolve
We all rotate
And leave it all to lie unsolved
Is it true about size
Is it true about pop
Is it true about trash
What are we to do
Is it true about left
Is it true about right
Is it true about love
The pros and cons of truth
The rumour and the myth
The misconception
That our ignorance is bliss
Is it true about love
