

# Right Said Fred, Living On A Dream

Living on a dream  
Sometimes

Make my day with a single touch  
Make me stay, don't give up  
I've no control when it comes to you  
Make my day baby won't you  
A single touch is all I need  
Don't give up baby don't retreat  
I've no defense when it comes to you  
make my day baby won't you

(chorus)  
I'm living on a dream  
Or so it seems  
Sometimes  
Living on a dream  
No milk, just cream  
Sometimes bells chime

T-t-t-toe to toe

Cheek to cheek  
You get close  
And I get weak  
Don't shoot me down with your baby blues  
Make my day darling won't you  
Your baby blues call my name  
You won't hear my heart complain  
Hang with me and we'll do the do  
Make my day baby won't you

(chorus ) x2

Living on a dream
