

# Rihanna, Bring It Back

[Intro:]

Oh woah oh no  
Oh woah oh no

[Verse:]

Mr. Dj. tell me a new play  
I wanna hear my jam again  
Move the crowd now  
Play it crazy loud now  
Bring it back now if you can

[Hook:]

I've been waitin' so long pump it up, put it on, tell me what you waitin' for  
Feel it deep in my soul, now it's out of control, I can't take it anymore

[Chorus:]

Bring it back again  
Play my track again  
Keep it hot for me  
Make my body move  
It's all up to you  
What's it gonna be  
Play my joint again  
Play my jam and  
Send this one out to me  
Bring it back again  
It's a fact  
I need somethin' that I'm gonna feel

Oh woah oh no (Bring it back)  
Oh woah oh no

[Verse:]

Here we go now  
Gotta let you know now  
I wanna feel the summer heat  
Don't you understand  
I don't want a slow jam  
I wanna feel the hottest beat

[Hook2:]

It's my joint, it's my jam, play the record again  
The one that turns me on  
It's alright, it's okay, I don't care if you play it until the night is done

[Chorus:]

Bring it back again  
Play my track again  
Keep it hot for me  
Make my body move  
It's all up to you  
What's it gonna be  
Play my joint again  
Play my jam and  
Send this one out to me  
Bring it back again  
It's a fact  
I need somethin' that I'm gonna feel

Oh woah oh no (Bring it back)  
Oh woah oh no  
Oh woah no  
It's my joint, it's my jam, play the record again  
Ooh woah

[Hook:]

I've been waitin' so long pump it up, put it on, tell me what you waitin' for  
Feel it deep in my soul, now it's out of control, I can't take it anymore

[Chorus:]

Bring it back again  
Play my track again  
Keep it hot for me  
Make my body move  
It's all up to you  
What's it gonna be  
Play my joint again  
Play my jam and  
Send this one out to me  
Bring it back again  
It's a fact  
I need somethin' that I'm gonna feel

Somethin' that I'm gonna feel  
Oh woah oh no (Bring it back)  
Oh woah oh no (Play my song now)

[Chorus:]

Bring it back again  
Play my track again  
Keep it hot for me  
Make my body move  
It's all up to you  
What's it gonna be  
Play my joint again  
Play my jam and  
Send this one out to me  
Bring it back
