

Rik Rok, Should I

Uuuuuh babay babay
Uuuuuh babay babay

(Chorus)

Should I let her know Im really in love
And that she's the one I been thinkin of
Women of my dreams ain't no one above her,
Should I tell her

Should I really show my feelings inside
Everyday, its gettin harder to hide
I imagine life with her by my side but,
Should I tell her..

(Verse 1)

Would you believe that I spend all my time
Fantasizing hows it gonna be...
Cant seem to help it, but have her on my mind
You know when shes the perfect one for me
But still she doesnt even know that I
Feel the way I do and she's the key
It doesn't seem to matter how I try
I close my eyes and she's the one I see...

(Chorus)

Should I let her know Im really in love
And that she's the one I been thinkin of
Women of my dreams ain't no one above her,
Should I tell her

Should I really show my feelings inside
Everyday, its gettin harder to hide
I imagine life with her by my side but,
Should I tell her..

(Verse 2)

If I dont move my chance will soon be gone kinda love experience buffy
Dont really know what I've been waiting on

Maybe she'd be with me if she knew
Could it be possible that all along she was feelin everything I do
But what a tragedy if I was wrong
Dont know how I'd ever make it through..

(Chorus)

Should I let her know Im really in love
And that she's the one I been thinkin of
Women of my dreams ain't no one above her,
Should I tell her..

Should I really show my feelings inside
Everyday, its gettin harder to hide
I imagine life with her by my side but,
Should I tell her..

(BreakDown)

It may be easy to pretend that I dont care
And maybe it wouldnt get no where (oh baby)
Could she be just as scared
Cause it kills me not to know (killin me inside)

Easy to pretend that I dont care
And maybe it wouldnt get no where

Could she be just as scared
Cause it kills me not to know(kills me not to know)

(Chorus x2)
Should I let her know Im really in love
And that she's the one I been thinkin of
Women of my dreams ain't no one above her,
Should I tell her..

Should I really show my feelings inside
Everyday, its gettin harder to hide
I imagine life with her by my side but,
Should I tell her...
