

Rilo Kiley, After Hours

will you close the door?

if you close the door
the night could last forever
keep the sunshine out
and say hello to never

all the people are dancin' and there havin such fun
i wish it could happen to me
but if you close the door
you never have to see the day again

if you close the door
the night could last forever
keep the wine glass out
and drink a toast to never
but someday i know someone will look into my eyes and say "hello, you're my very special one"

but if you close the door
you never have to see the day again

dark black bars
shiny cadillac cars
people in subways and trains
looking gray in the rain as they stand disarrayed
people look well in the dark

if you close the door
the night could last forever
leave the sunshine out
and say hello to never
all the people are dancin' and they're havin such fun
i wish it could happen to me
but if you close the door
we never have to see the day again
you never have to see the day again
(once more)
we never have to see the day again
