

# Rilo Kiley, So Long

Watch me fly away  
Through the night sky yeah  
Now that all you touched  
Has finally turned gray  
And roads can't hold us down  
Winds will move us around  
With no need to return  
to this gray town  
Wanna bet I can tell  
You've been in bed for too long  
So let's just say so long  
And I watched you at the cove  
You read on rocks below  
And I turned home  
without so much as hello  
Wanna know where I go  
I've been away for too long  
And it's hard to leave  
when I haven't seen  
You in so long  
And if we  
had just held out for tomorrow  
We might have seen  
What seemed so far away  
We didn't even bother to stay  
There it goes I can tell  
You're gonna to keep  
your eyes to the ground  
Waiting for something  
to finally come around  
Tell you that you knew  
That you weren't wrong  
And it's finally time for so long
