Ringo Starr, Postcards From Paradise

I've searched here, there and everywhere... Until i saw you santding there. I'm the greates fan of you, And Love is all I've gotta do.

It's all too much my little child... If you would be my honey pie... 8 days a week you will be mine... And getting better all the time.

I'm begging you don't pass me by... And if you do please tell me why. I know yoou told me yesterday... You've got to hide your love away.

But if your heart is bad to me... It's only Love I'll let it be.

It's like I said the night before I'll love you when I'm 64!
