

Rip The Jacker, Star Trip (Oobe)

(Chorus 2x)

I Travel To The Stars
By Looking Through The Bars
I Travel To The Stars
To Observe The Gods
I Travel To The Stars
I've Passed The Moon Of Mars
I Travel To The Stars

I'ma Take You For A Walk To A Beautiful Place
Outside The Body
I Promise You We'll Just Talk Bout These Musical Waves
You Will Follow Me On This Beautiful Day
To A Celestial Plane, I Made These Musical Waves
The Beautiful Moonrays
The Eve Before Doomsday
The Moonrays Shift Back & Forth Purple To Grey
Led Them To Space, Put Me In The List That You've Made.

Pulsating Lights & Dreams
Connect With Light Beings
I Sit Down & I Look At The Night Scene
Visualizing Peace & Quiet...Suddenly
I Lift Up In A Zero Gravity Environment
I'm Forced To Look Downward To See If Your Trying
I Provided The Lighting, My Soul Started Climbing
I'm Headed For My Chamber, They Told Me To Start Timing
Stars Started Shining, I Tell'em Start Vibing

Close Your Eyes, Spiritualize...
Without Trying You Can Travel By Mind
To Places As Far Away As Another Lifetime
But Life Continues Outside The Timeline (forever)
The Sublime Chakra Looks Like It's Opening
Where Will You Go With This?
We Need No Silver Disk, At The End Of It
You'll Be Flying Through The Galactic Shift
Just Trip With Me, Now...That's Some Shit

My X-Rays Blinding The Devil In Disguise
Not Only Can You See Into The Skies, See Past It
The Face On The Photograph Said We Should Meet Somewhere Clandestine
Do Not Loose Your Bearings Keep Checking Your Direction
The Precession Of The Earth Is Nearing, Preparing
The Story Of The Temptress, I Choose To Share It
Sophisticated Senses & Uncensored Resonance

I Circle For A Fly Over In A Dreamland
Inject My Thoughts Into The Centrifuge Mass
The Teleological Dynamic Will Enhance
Brain Waves Appears To Be Way More Advanced
Proceed To Inject My Thoughts Through Songs To Understand
Focus On 2 Standards When Assessing The Plan
Number 1 Is Cthulhu, Number 2 Never Ends...

(Chorus 2x)

I Travel To The Stars
By Looking Through The Bars
I Travel To The Stars
To Observe The Gods
I Travel To The Stars
I've Passed The Moon Of Mars
I Travel To The Stars
