

# Risa Ohki, Love Will Grow

Love will grow  
And nothing comes in the way  
It's true that love is here to stay  
All we have to do is to face tomorrow  
Love will grow  
There's no need to run and hide  
It's true we've always been so slow  
Should I tell you know  
What's been burning inside?

Darling, strange days are over  
Fears and tears, they've all gone  
This is the very beginning  
Now the world is meant for you and me

Love will grow  
There's one thing I'm sure of now  
I know that we'll give no more sighs  
Love is to us true-blue and there's no sorrow  
Love will grow  
Come what may, we'll never part  
Let's hold on tight to dreams of ours  
Even though we've still got a long way to go

Darling, strange days are over  
Fears and tears, they've all gone  
This is the very beginning  
Now the world is meant for you and me

See how the day has just broken  
Oh, so fresh from the world  
See how the brand-new sun's coming up  
Let it now shine on me  
Shine on you!

Love will grow  
And nothing comes in the way  
It's true that love is here to stay  
All we have to do is to face tomorrow
