

Rising Girl, Helena

We're down by the ocean
We're swimming by the sea
Oh yeah
And there's my darling
She's (a) happy as can(a) be

Oh, what a day
I see her smile
I know it's for me
I just wanna be
The best that I can be
Hey and so I say(a)

Helena, Helena (nananana)
Look into my eyes
Right into my eyes
Helena, Helena (nananana)
'Cause time starts to stand still
When I look into your eyes

Sometimes it's hard now
But I know I find a way
So many things on my mind
So many things I want to say
But in your way
You get me, too
Realize that I can not do
The best that I can do
Hey and so I say(a)

Helena, Helena (nananana)
Look into my eyes
Right into my eyes
Helena, Helena (nananana)
'Cause time starts to stand still
When I look into your eyes

You take me to go dancing
Underneath the waterfall
See the rainbow, make(a) me go
Dancing underneath the waterfall
I'm free as a bird

My bella Helena Helena, bella Helena Helena, bella Helena
My bella Helena Helena, bella Helena Helena
Keep me up all night(a), keep me up all night(a)
