

River City Rebels, Lifes A Drag

Responsibilities and obligations
Easy living riding high
I'll play the shady creep cause it bums you out
I never wanted more than what's already given
No slow never show.

(chorus)
Life's a drag, Life's a drag
Why wait? Let's skate
Life's a drag, Life's a drag
Lets dance, Let's fuck tonight

Do as you please and say what you will
Break down what you know
You're born a loser you'll die a loser
And there ain't no shame in that
Prototype humanite go looking for the swank

(chorus)

Good as dead
Caught in a trap
Come on kids grab the bull by the balls
Come on kids come on

(chorus)
