

River City Rebels, Stars And Stripes

Stars and stripes what are they for?
So we can go and fight some fucking stupid war,
soldiers goin in and bodies coming out,
livin the dreams that the us never doubts,
powerful fucks dont do the dirty work
send away their youth, treat em like dirt
soldiers going in and bodies comin out
livin the dream that the us never doubts,

user your mind dont do it the us way
save your life dont do it the us way

Living the dream, living the dream
Living the dream that the us never doubts
