

Riverboat Gamblers, What's What

the boat floats in the water
the sharks fins circle round
the fishes smelling blood now
i think we're gonna need a bigger boat

[Chorus:]

creepy people from the line up front
you wanna get your cut i am gonna tell you all what's what
you think you're slick you'll fin yourself cut
you know i never front i am gonna tell you all what's what

the blood excites the fishes
it smells from miles around
black eyes and blacker hearts yeah
i think we're gonna need a bigger boat

[Chorus:]

creepy people from the line up front
you wanna get your cut i am gonna tell you all what's what
you think you're slick you'll fin yourself cut
you know i never front i am gonna tell you all what's what
you wanna eat me like feeding frenzy
you think i am easy i am gonna tell you all what's what
creepy people keep your mouth shut
i am gonna bust your gut i am gonna tell you all what's what
