

Rivermaya, Wild Angel Candy

Spare me words of wisdom
it won't change the truth
There's a hole in your head
and The devil's in your shoes

Thursday gave me freedom
from the psycho-saving art
Monday showed you someone
could tear your pride apart

I don't need no Wild angel candy
Wild angel candy, can't take (it/you) no more

Save your words of wisdom
it don't change the truth
There's a whore in your bed
and your pride don't fit in your boots

Thursday gave me freedom
from my baby-sitting part
Monday showed you someone
could tear your soul apart
