

# Rivers Cuomo, Longtime Sunshine

Sometimes I want to pack it all up  
Get on a bus and move to Vermont  
Or Maine or any of those states back east  
That I remember...  
Sometimes I wanna go back to school  
An east coast college with some history  
I'd be satisfied I know in the simple things

Longtime sunshine  
Longtime sunshine upon me

Sometimes I want to build a house  
With a wood stove or a fire place  
In the middle of the livingroom  
An old piano...  
Sometimes it don't seem so bad  
To settle down with a good woman  
Leave this lonely life behind  
Forever and ever

Longtime sunshine  
Longtime sunshine upon me  
Longtime sunshine  
Longtime sunshine upon me

Sometimes I wanna get in a car  
Close my eyes and drive real fast  
Keep on going 'till I get someplace  
Where I can truly rest

Longtime sunshine  
Longtime sunshine upon me  
Longtime sunshine  
Longtime sunshine upon me
