

# Rivers Cuomo, Walt Disney

It's cold outside  
Seven months of suicide  
I've been in suspended animation  
Just like Walt Disney  
My only love  
Asked for me to wait out there  
I waited  
Waited but she didn't care  
Just like Walt Disney  
I'm just thawing out  
My fingertips and toes are frozen to the bone  
Give me an hour before you throw me in the cold  
Ring, ring, ring  
Now I hear the phone singing  
Calling me  
Telling me to start freezing  
Just like Walt Disney, yeah  
I'm a block of ice  
My fingertips and toes are frozen to the bone  
Give me an hour before you throw me in the cold  
Give me an hour before you pick me up and throw me 'cross the sea  
Why don't you, please?
