

# Riverside, Vale of Tears

Shake me down  
I'll make a noise  
Tap my hand  
I'll make you smile  
Give me hope  
Then take away

Like you did the last time  
Like the last time  
Like the last time

Tell me who I have to be  
Cross my head, lips and heart  
Make me get down on my knees

Like you did the last time  
Like the last time  
Like the last time

Wading through the desert  
I am wading through the desert  
To the promised land  
You burned to the ground

Take me to the highest hill  
Show the fireworks display  
Tell me it's for my own good

Like you did the last time  
Like the last time  
Like the last time

Turn poetry into prose  
Then launch a crusade  
Make another vale of tears

Like you did the last time  
Like the last time  
Like the last time

Wading through the desert  
I am wading through the desert  
To the promised land  
You burned to the ground
