

Rj Helton, Freedom

It's all about that freedom yeah
Let the music free ya yeah
Ba da dat dat da da da
It's all about that freedom yeah
Gotta move my feet now yeah
Gotta hit that beat now yeah
Ba da dat dat da da da
It's all about that freedom yeah

I can't explain lost in my brain brain
(Sooner or later I'm gonna go crazy)
So many games drive me insane sane

And then I wanna give up
And then I wanna give in
And then I wanna make it all go away
But I can't worry no more
I gotta go hit the floor
I know I'll make it so I dance

Dance dance
Everybody dance
When you feel that rhythm you should
Dance dance everybody dance
When you feel that beat you better
Dance dance everybody dance
When you feel that rhythm you should
Dance dance everybody dance
When you feel that beat you better dance

Dance dance
Come on everybody dance
Dance dance
Come on everybody dance

Where do you go when you're alone lone
(Sooner or later you're gonna go crazy)
Your heart is torn you're on the floor floor

And then you wanna give up
And then you wanna give in
And then you wanna make it all go away
But you don't worry no more
That pain won't always go on
I know you'll make it so let's dance

Dance dance
Everybody dance
When you feel that rhythm you should
Dance dance everybody dance
When you feel that beat you better
Dance dance everybody dance
When you feel that rhythm you should
Dance dance everybody dance
When you feel that beat you better dance

Come on everybody everybody everybody body
Dance dance everybody dance
Come on everybody everybody everybody body
Dance dance everybody dance

It's all about that freedom yeah
Let the music free ya yeah
Ba da dat dat da da da

Gotta hit that beat now yeah
Ba da dat dat da da da
It's all about that freedom yeah
