

RL, Luv Led Me 2 U

I never really had much direction you know
This time I followed my heart and I found you

I lay in bed holding my pillow close
Feeling so alone
With an emptiness deep in my soul
Looking for someone to hold
Then I found you baby

I never fell in love like this right here
I never loved someone like you my dear
Never saw directions that were so clear
Love led me to you, to you
Love led me to you

My heart had been broken many times
Love made me hurt inside
But you came into my life
Made every day like Valentine's
Now I understand why
I weathered the storm for my sunshine

I never fell in love like this right here
I never loved someone like you my dear
Never saw directions that were so clear
Love led me to you, to you
Love led me to you
Love led me to you

I never fell in love like this right here
I never loved someone like you my dear
Never saw directions that were so clear
Love led me to you, to you
Love led me to you
Love led me to you

All my sunshine that warms ???
A rare flower I'll never let you go
The air I breathe like a summer breeze
You saved my heart

Baby, I know you heard about my past
But it took all of those to break my heart
For me to be stronger for you
I know what you're thinkin'
But no, you're not just another one
Just meant to be

I never fell in love like this right here
I never loved someone like you my dear
Never saw directions that were so clear
Love led me to you
Love led me to you

I never fell in love like this right here
Love led me to you
And I never loved someone like you my dear
Love led me to you
Never saw directions that were so clear
Love led me to you, to you baby
Love led me to you, to you
Love led me to you
Love led me to you
Love led me to you

Love led me to you

I never fell in love like this right here
Love led me to you
And I never loved someone like you my dear
Love led me to you
Never saw directions that were so clear
Love led me to you
Love led me to you

I never fell in love like this right here
Love led me to you
And I never loved someone like you my dear
Love led me to you
Never saw directions that were so clear...
