

Roadrunner United, Annihilation By The Hands O

The prophets of God have left you solaced indeed
A zombie of Jesus insane with his belief
Is all that you know and all you take as you go
You're one with the rich and only take from the poor

Nailed to the cross by your hands and your feet
Your washed up religion is now worthless and weak
Tenacious conviction has caught up with your soul
There's no place for mercy in the myths of your lord

Little lamb of sacrifice, full of Bible hymns
Hiding in the house of God, from his suffering
Pray the son will come and call just to make us dead
Bring upon the end of timesworship if you dare

Wiping out masses just for shits and a grin
Is all an illusion of the spell that you're in
Religious confliction has impaired your control
In his resurrection, revelations unfold

Little lamb of sacrifice, full of Bible hymns
Hiding in the house of God, from his suffering
Die. will you.

Annihilation by the hands of God
Mutilate me.
Annihilation by the hands of God
Unforgiving.
Annihilation by the hands of God
Christ ill willing.
Annihilation by the hands of God
Heaven hates you.

When it's time, I won't look back
Heaven's gates under attack

Satan.
Satan.
Satan.
Satan.

Little lamb of sacrifice, full of Bible hymns
Hiding in the house of God, from his suffering
Pray the son will come and call just to make us dead
Bring upon the end of times. worship if you dare

Annihilation by the hands of God
Mutilate me.
Annihilation by the hands of God
Unforgiving.
Annihilation by the hands of God
Christ ill willing.
Annihilation by the hands of God
Heaven hates you.
SHIT!
